

At Modify we value your need for support. As part of our professional commitment, we provide short term contact with you or other affiliations upon your request (e.g., family members, physicians, school personnel) if the occasion arises. If the therapist feels that collateral contact is at a frequency or duration beyond reasonable and customary, the therapist reserves the right to charge a fee for any time spent outside of the regular therapy session. Please note that phone contact cannot be billed through insurance so any fees are the responsibility of the client. In many cases, you have the option to schedule an additional appointment if more time with your therapist is needed rather than accrue fees.

The fee schedule is as follows:

- Collateral Phone Contact: \$37.50 per 15 minutes
- Electronic Correspondence: \$37.50 per 15 minutes
- Report/Letter Writing: \$75 per 30 minutes
- Staffings/Meetings: \$150 per hour

Signature of Client (Parent or Guardian if under 18)
